No. 5706M.—10th December 1934.—In exercise of the power conferred by clauses (*a*) and (*b*) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules:—

**Rules prescribing the procedure to be followed by an assessor of municipal taxes appointed under the Act and by the Assessment Review Committee appointed under sub-section (1) of section 149 of the Bengal Municipal Act, 1932.**

1. The Assessor shall commence work in sufficient time as may be fixed by the Commissioners at a meeting according to the local conditions, so as to finish his work at least three months before the date on which the new assessment is to take effect.

2. The office of the Assessor shall be situated in the municipal office or in any other suitable place provided by the Chairman for the purpose.

3. It shall be the duty of the Chairman to produce all relevant and required documents and papers in his power and otherwise render every assistance to the Assessor and the Assessment Review Committee appointed under sub-section (*1*) of section 149 of the Act in the discharge of their duties.

4. The assessor shall obtain from the Chairman copies of the current assessment registers and all information as to new holdings, and may issue notices under section 134 of the Act in Form A attached hereto to owners or occupiers of all holdings whose names appear in the said registers and to all owners or occupiers of new holdings, requiring them to submit to him, within one week of service of the notice, true and correct returns of the rent or annual value thereof and true and correct description of the holdings in Form B annexed hereto. These forms shall be printed by the Commissioners and copies shall be attached to every notice under section 134.

5. The notice referred to in rule 4 shall be signed by, or shall bear a facsimilie of the signature of, the Assessor.

6. The Assessor shall verify each return referred to in rule 4 in chronological order.

7. The notice of intention of the Assessor or any person authorized by him in writing, to enter, inspect and measure any holding shall be in Form C annexed hereto and shall be served by a special messenger in the manner laid down in section 510 of the Act.

8. (*a*) For the purpose of ascertaining the gross annual rental at which a holding may reasonably be expected to let comparison may be made with the rents of similar holdings in the vicinity. Regard may

also be had to the rent which might reasonably be expected in an average year or taking one year with another, and not in any particular year. The rental of the holding in the past or in the future is immaterial, and a hypothetical tenant shall be assumed to use the property in the same way as the actual occupier, and to have the same facility for deriving profit from it, no more or no less.

(*b*) If such gross annual rental cannot, in the opinion of the Assessor, be easily estimated or ascertained, he shall determine the value of the building or buildings on the holding at the time of such assessment, regard being had to the age and existing condition of the building, its description and the dimensions of the rooms, the materials used, the area covered, accommodation, environment, road facility, commercial importance, sanitary condition, water supply facility, distance from schools and markets, present market value, and all other amenities and other conveniences. Ground rent for the land comprised in the holding shall be ascertained from the local sub-registry office or otherwise.

9. When the annual value of a holding has been determined by the Assessor, he shall fill up the last two columns of Form B and prepare an assessment list in the manner prescribed in section 136 and in accordance with the percentage rate fixed by the Commissioners at a meeting under section 135. When the assessment list is ready, the Assessor shall endorse on it a certificate over his signature as to the correctness of the entries therein, and shall then make it over to the Chairman who shall give the Assessor a dated receipt.

10. The assessment list prepared by the Assessor shall be submitted with a brief report to the Commissioners showing the basis on which he has prepared the list, *e.g.*, it should compare different areas and streets or even parts of a street and show why properties in them differ in value. Further each actual assessment shall be accompanied by a note showing how he has arrived at it, comparing the property in question with other similar property and explaining why the assessment differs, if it does.

*Procedure to be followed by the Assessment Review Committee appointed under section 149(1).*

11. All applications for review of assessment or valuation or for exemption from assessment filed within the time prescribed in section 148 of the Act shall be entered in an objection list and that list with the assessment list to which objection is taken shall be placed before the Assessment Review Committee appointed by the Commissioners under sub-section (*1*) of section 149 of the Act.

12. The Committee shall then give at least seven days' notice under sub-section (*2*) of section 149 of the Act to the applicant in Form D annexed hereto of the time and place at which the application will be heard.

13. On the date so fixed for hearing, or any date to which such hearing may be adjourned, the Committee shall take such evidence and make such enquiry as it may deem necessary, in the presence of the objector or his agent, if he appears, and shall then pass such orders on the application as it thinks fit. One member of the Committee shall attest and date any correction in the assessment list that may be necessary

as a result of its decision, and the assessment list shall be final as soon as all the objections to it have been heard and determined.

14. For the purpose of determining the gross annual rental of a holding, the Committee shall generally follow the procedure laid down in rule 8.

NOTIFICATION.

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

**Burdwan.**—No. 2696P.H. — 6th December 1934.—Whereas the Government of Bengal (Ministry of Local Self-Government) are satisfied that the area known as the Asansol Mining Settlement, in the Asansol subdivision of the district of Burdwan, is threatened with an outbreak of small-pox.

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Government of Bengal (Ministry of Local Self-Government) are pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said area until the 31st December 1935:—

*Temporary Regulations for the Prevention and Control of Small-pox in the Asansol Mining Settlement.*

1. In these regulations, unless, there is anything repugnant in the subject or context,—

(*a*) the expression "Chief Sanitary Officer" shall mean the Chief Sanitary Officer appointed by the Local Government for mining settlements under section 5 of the Bengal Mining Settlements Act, 1912 (Bengal Act II of 1912):

(*b*) the expressions "Agent," "employed," "mine" and "owner" shall have the same meaning as in section 3 of the Indian Mines Act, 1901 (Act VIII of 1901);

(*c*) the expression "Board" shall mean the Mines Board of Health of Asansol;

(*d*) the expression "District Magistrate" shall have the same meaning as in section 101 of the Code of Criminal Procedure (Act V of 1898);

(*e*) the expression "small-pox" shall mean any disease accompanied by an eruption of vesicles or pustules.

*Notices.*

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Chief Sanitary Officer, and the Chief Sanitary Officer shall not be bound to enter the names of all the joint-holders in the notice.

3. If in any case the Chief Sanitary Officer considers that the issue of a notice is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter as soon as possible issue a notice on the persons concerned stating the reason why such work has been carried out.

4. If any measure which the Chief Sanitary Officer has, by a notice issued under any of these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Chief Sanitary Officer shall be entitled to carry out the measure.

*Cost and Compensation.*

5. (*1*) Expenses incurred in carrying out any work required to be done in pursuance of an order issued under these regulations shall be paid by the Board except in cases where the order requires action to be taken by any person as regards property in his possession, in which cases the expenses shall be paid by that person:

Provided that where the conditions, which led the Chief Sanitary Officer to pass such an order, are not attributable to the act or default of the person in possession of the property, the Board may pay to such person the whole or part of the expenses incurred by him in carrying out the order.

(*2*) The Board may recover all expenses incurred by the Chief Sanitary Officer in carrying out the measures under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order or to the satisfaction of the Chief Sanitary Officer.

*The Location of Diseases.*

7. Every owner, agent or manager of a mine shall supply to the Chief Sanitary Officer such periodical returns of births and deaths and of the persons residing upon their property as he may call upon them to furnish.

8. The nearest relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of the house, in which a case of small-pox shall have occurred, shall, within 24 hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the Chief Sanitary Officer or other officer of the Mines Board of Health.

8A. (*1*) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the Mines Board of Health and to the Chief Sanitary Officer by post and the cost in each case shall be defrayed by the Board.

(2) The doctor in charge of a hospital within the Mining Settlement shall forthwith give notice of any case of small-pox admitted into the hospital by a special messenger to the nearest member of the outdoor staff of the Mines Board of Health and to the Chief Sanitary Officer by post and the cost in each case shall be defrayed by the Board.

9. Every owner, agent or manager of a mine shall supply to the Chief Sanitary Officer such periodical returns of cases of sickness as he may from time to time call upon them to furnish.

10. Every owner, agent or manager of a mine shall furnish to the Chief Sanitary Officer immediate information regarding the occurrence of any case or suspected case of small-pox occurring in a building in the possession of, or, under the control of, such owner, agent or manager.

11. The Board may employ a suitable staff for the purpose of making enquiries as to the existence of any case of small-pox.

12. The Chief Sanitary Officer may examine any person who is, or is suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

*Isolation and Segregation and Evacuation of Houses.*

13. When the Chief Sanitary Officer considers that the isolation of any person suffering from small-pox is a precaution necessary for the protection of the neighbouring population, he may order such person to be isolated in such a manner and for such a time as may be approved by the Chief Sanitary Officer.

14. When the Chief Sanitary Officer considers that the isolation of any person suffering from small-pox and residing in a building in the possession of, or under the control of, the owner, agent or manager of a colliery, is necessary, he may order the owner, agent or manager of such colliery to isolate such person in such a manner and for such a time as may be approved of by the Chief Sanitary Officer.

15. The Chief Sanitary Officer may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding twenty-one days in a manner and in a place to be approved by the Chief Sanitary Officer.

16. The Chief Sanitary Officer may order that any person, who is residing in any building in the possession of, or under the control of, the owner, agent or manager of a colliery, and who has been in contact with any person found to be suffering from small-pox, shall be segregated by the owner, agent or manager of such colliery for a period not exceeding twenty-one days.

17. The Chief Sanitary Officer may order that any person who has been in contact with a person found to be suffering from small-pox or who is resident in an area declared by the Chief Sanitary Officer as an infected area shall be vaccinated or re-vaccinated within a time to be specified in the order.

18. The Chief Sanitary Officer may order the orwner, agent or manager of any colliery to take steps to have vaccinated or re-vaccinated within a specified time any person residing in any building in the possession of, or under the control of, the owner, agent or manager of such colliery, if such person has been in contact with any person found to be suffering from small-pox or if such building is situated in an area declared by the Chief Sanitary Officer as an infected area.

19. No person shall enter any place wherein persons are isolated or segregated under regulation 13 or 14, without the permission of the Chief Sanitary Officer.

20. The Board shall provide, free of charge, suitable places with necessary attendants, diet, food, etc., for persons isolated or segregated by order by the Chief Sanitary Officer, and the Chief Sanitary Officer may certify places provided by private individuals as being fit for the purpose of isolation or segregation of persons under regulation 13 or 14 as the case may be.

21. (1) When the Chief Sanitary Officer under regulation 13 or 14 has ordered the isolation or segregation of any person residing upon any colliery lands, the Chief Sanitary Officer, may notify the fact in writing to the owner, agent or manager of such colliery.

(2) If such person disobeys the order, such owner, agent or manager shall furnish to the Chief Sanitary Officer immediate intimation of the movements of that person.

22. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the Chief Sanitary Officer written permission to do so.

23. The Chief Sanitary Officer may, by a notice in writing, (1) require any person to carry out, or allow to be carried out by such agency as the Chief Sanitary Officer may appoint, within a time to be stated in the order, such measures for the disinfection or evacuation of his dwelling-house, or for the disinfection or destruction of any of his personal effects, as the Chief Sanitary Officer may consider necessary; and (2) direct any owner, agent or manager of a mine, or any landholder or his agent to carry out any such measures on behalf of any person resident or staying upon the land belonging to the owner or landholder.

24. Every owner, agent or manager shall make such arrangements for the immediate disinfection of infected premises and personal effects and of evacuation and excreta of persons employed by the colliery and resident in a building owned by the colliery who are suffering or suspected to be suffering from small-pox as the Chief Sanitary Officer may from time to time direct by general or special order.

25. The Board shall from time to time provide, without any charge to the person on whom an order is passed under regulation 23 (1), temporary shelter or house accommodation with necessary attendants for the members of any family who have been compelled to evacuate their dwellings under the said regulation.

26. The Chief Sanitary Officer may order any owner, agent or manager of a mine to provide such hospitals, temporary shelters or house accommodation within such a time as the Chief Sanitary Officer may approve for the purpose of isolating, segregating or accommodating, under regulations 13, 14, 15, 16 and 25, persons residing in any building in the possession of or under the control of such owner, agent or manager of a colliery.

*Miscellaneous Powers.*

27. The Chief Sanitary Officer may, (*1*) prohibit the committal or continuance of any nuisance, or (*2*) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

*Explanation.*—"Nuisance" means anything which, in the opinion of the Chief Sanitary Officer, is dangerous to health or offensive to the neighbourhood and is likely to spread or to cause the outbreak of small-pox.

28. The Chief Sanitary Officer may, during the prevalence of any outbreak of small-pox, order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela* or other gathering to which people from several villages commonly or periodically resort.

29. The Chief Sanitary Officer may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as limewishing of houses, cleaning of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

30. The Chief Sanitary Officer may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of small-pox and may cause any such clothes to be destroyed.

31. The Chief Sanitary Officer may direct that no one shall dispose of any corpse except by burning or burial, without his written permission.

32. The Chief Sanitary Officer may approve or may provide and maintain burning or burial grounds and may, be written order, direct, either generally or specially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved, provided or maintained by him for the purpose.

33. The Chief Sanitary Officer may direct that any one burning or causing to be burnt any corpse, which, in the opinion of the Chief Sanitary Officer, is likely to spread small-pox, shall cause the same to be completely reduced to ashes, and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

34. The Chief Sanitary Officer may direct that no person shall bury or cause to be buried any corpse, which, in the opinion of the Chief Sanitary Officer, is likely to spread small-pox, in a grave not constructed or masonry, which shall be less than 6 feet deep.

35. The Chief Sanitary Officer may order that no *dome* or other servant of the Board employed for the disposal of corpses shall withdraw from his duties without the permission of the Chief Sanitary Officer unless such *dome* or other servant of the Board has given notice in writing not less than one month previously of his intention so to withdraw.

36. The Chief Sanitary Officer or any person authorised by him in that behalf may—

(*1*) seize and destroy an article of food or drink, and

(*2*) seize and dispose of any corpse,

which, in the opinion of the Chief Sanitary Officer, is infected with, or is likely to spread small-pox.

37. Every owner, agent or manager of a mine shall make such arrangements for the accommodation and treatment of his employees suffering from small-pox as the Chief Sanitary Officer may direct, provided that mines with an output of less than 5,000 tons per month and not more than two miles apart may, with the consent of the said officer, combine for the purpose of making such arrangements.

38. Every owner, agent or manager of a mine in which are employed persons residing or staying in the mining settlement, and every owner or occupier of any land or premises within such mining settlement, shall furnish the Chief Sanitary Officer or any officer of the Board authorised by him in that behalf, with all reasonable facilities for carrying out any measures or making any entry, inspection, examination, or enquiry under these regulations.

39. (*1*) The Chief Sanitary Officer or any other Sanitary Officer of the Board authorised by him in that behalf, making any enquiry authorised by these regulations may, by an order in writing, require the attendance before himself of any person being within the limits of a mining settlement or part of a mining settlement for which such officer has been appointed who appears to be acquainted with the circumstances of a case or suspected case of small-pox and such person shall attend as so required.

(*2*) When the person summoned to appear under paragraph (*1*) is a female who, by the custom of the country, does not appear in public, suitable precaution shall be taken to respect the said custom.

40. (*1*) The Chief Sanitary Officer or any other Sanitary Officer of the Board authorised by him in that behalf, making any enquiry authorised by these regulations, may examine orally any person supposed to be acquainted with the facts and circumstances of a case or suspected case of small-pox.

(*2*) When the person to be examined under paragraph (*1*) is a female who, by the custom of the country, does not appear in public, the enquiring officer shall take the statement of such female under such conditions as shall admit of due respect to the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him by such officer, other than questions the answers to which would have a tendency to expose him to any criminal charge.

41. Every owner, agent or manager of a colliery shall maintain a register of all premises situated on such colliery and ordinarily used or intended to be used for housing persons employed on or about such colliery, together with such further particulars as the Chief Sanitary Officer may from time to time direct by general or special order.

42. The Chief Sanitary Officer or any other Sanitary Officer of the Board authorised by him in that behlaf may, with such assistants (if any) as he thinks fit, enter upon any land or mine, or after two hours' notice in writing, any premises or building used for human habitation at all reasonable time by day or by night, for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

## Excluded Area.

NOTIFICATIONS.

**Darjeeling.**- No. 12987Ex.A.—5th December 1934 —In exercise of the power conferred by section 20 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919), the Governor in Council is pleased to make the following rules in supersession of all previous rules framed under the section for the district of Darjeeling:—

1. In these rules "Act" means the Bengal Food Adulteration Act, 1919.

2. In respect of articles of food named below, of which the normal constituents have been declared under section 4 of the Act, the deficiencies in their constituents, or additions of extraneous matter or proportions of water mentioned against each such article of food shall, for the purposes of the Act, raise a presumption, until the contrary is proved, that the particular article of food is not genuine or is injurious to health:—

(1) *Milk.*

(*a*) Where a sample of milk contains less than 4·4 per cent. of lactose, it shall be presumed, until the contrary is proved for the purposes of the Act, that the milk is not genuine by reason of the addition thereto of water.

(*b*) Where a sample of cow's milk contains less than 3·5 per cent. of milk fat, it shall be presumed, until the contrary is proved for the purposes of the Act, that the milk is not genuine by reason of the abstraction therefrom of milk fat or the addition thereto of water.

(*c*) Where a sample of buffalo's milk contains less than 6 per cent. of milk fat, it shall be presumed, until the contrary is proved for the purposes of the Act, that the milk is not genuine by reason of the abstraction therefrom of milk fat or the addition thereto of water.

(*d*) Where a sample of cow's milk contains less than 8·5 per cent. of milk solids other than milk fat, it shall be presumed, until the contrary is proved for the purposes of the Act, that the milk is not genuine by reason of the abstraction therefrom of milk fat or the addition thereto of water.

(*e*) Where a sample of buffalo's milk contains less than 9 per cent. of milk solids other than milk fat, it shall be presumed, until the contrary is proved for the purposes of the Act, that the milk is not genuine by reason of the abstraction therefrom of milk fat or the addition thereto of water.

(2) *Ghee.*

(*a*) Where in a sample of ghee the butyro-refractometer reading at 40° C. is less than 40 or more than 42·5, it shall be presumed, until the contrary is proved for the purposes of the Act, that the ghee is not genuine by reason of the addition thereto of extraneous fat or oil.

(*b*) Where in a sample of cow's ghee the Reichert Wollny value is less than 24 or the saponification value is less than 220, it shall be presumed, until the contrary is proved for the purposes of the Act, that the ghee is not genuine by reason of the addition thereto of extraneous fat or oil.

(*c*) Where in a sample of buffalo's ghee the Reichert Wollny value is less than 30 or the saponification value is less than 222, it shall be presumed, until the contrary is proved for the purposes of the Act, that the ghee is not genuine by reason of the addition thereto of extraneous fat or oil.

(*d*) Where in a sample of mixed cow and buffalo ghee the Reichert Wollny value is less than 28 and the saponification value is less than 222, it shall be presumed, until the contrary is proved for the purposes of the Act, that the ghee is not genuine by reason of the addition thereto of extraneous fat or oil.

(3) *Butter.*

Where the proportion of water in a sample of butter exceeds 20 per cent., it shall be presumed, until the contrary is proved for the purposes of the Act, that the butter is not genuine by reason of the excessive amount of water therein.

### (4) *Mustard Oil.*

*(a) Where in a sample of mustard oil the saponification value is less than 169 or more than 175, it shall be presumed, until the contrary is proved for the purposes of the Act, that the mustard oil is not genuine by reason of the addition thereto of extraneous oil.*

(*b*) Where in a sample of mustard oil the iodine value is less than 96 or more than 104, it shall be presumed, until the contrary is proved for the purposes of the Act, that the mustard oil is not genuine by reason of the addition thereto of extraneous oil.

### (5) *Wheat Flour.*

Where the proportion of ash in a sample of wheat flour (*moida*) exceeds 1 per cent., it shall be presumed, until the contrary is proved for the purposes of the Act, that the wheat flour is not genuine by reason of the excessive amount of extraneous mineral matter therein.

### (6) *Tea.*

(*a*) Tea includes all forms of tea, such as tea dust, tea sweepings, tea fannings and stalk tea intended for human consumption.

(*b*) Where the proportion of total ash (determined on dry tea, *i.e.*, tea dried to constant weight at 100°C) is below 4 per cent., it shall be presumed, until the contrary is proved, that the tea is not genuine by reason of the abstraction therefrom of soluble matter.

(*c*) Where the proportion of total ash (determined on dry tea, *i.e.*, tea dried to constant weight at 100°C) is over 8 per cent., it shall be presumed, until the contrary is proved, that the tea is not genuine by reason of the abstraction therefrom of soluble matter or addition thereto of extraneous matter.

(*d*) Where in the total ash as determined above in (*a*) and (*b*) the proportion of ash soluble in boiling distilled water is less than 40 per cent., it shall be presumed, until the contrary is proved for the purposes of the Act, that the tea is not genuine by reason of the abstraction therefrom of soluble matter.

(*e*) Where the extract obtained by boiling dry tea (*i.e.*, tea dried to constant weight at 100°C) with 100 parts by weight of distilled water for one hour is less than 30 per cent., it shall be presumed, until the contrary is proved for the purposes of the Act, that the tea is not genuine by reason of the abstraction therefrom of soluble matter.

(*f*) Where leaves are present not conforming in structure to those of the Camellia genus, it shall be presumed, until the contrary is proved for the purposes of the Act, that the tea is not genuine by reason of the addition thereto of extraneous leaves.

(*g*) Tea shall be derived exclusively from the leaves and buds of plans of the "thea" species.

3. *The Health Officer or where specially authorised by the local authority which is hereby empowered in this behalf the Sanitary Inspector or the Food Inspector in the employ of a municipality or district board, shall exercise the powers and perform the duties mentioned in sections 10 and 12 of the Act.* In any municipality which has no sanitary officer such functions shall be performed by the sanitary officers of the district board of the district concerned, with the consent of the district board.

4. The fee to be charged by a public analyst for analysing articles of food under this Act shall be Rs. 2 per sample if sent by a local authority, Rs. 4 per sample if sent by any other person.

5. The price of the food surrendered under sub-section (*2*) of section 10 of the Act shall be payable from the fund of the local authority within whose jurisdiction the surrender is made.

6. The compensation awarded under sub-section (*3*) of section 13 of the Act shall be payable from the fund of the local authority within whose jurisdiction the seizure of the suspected article or articles was made.

**Darjeeling.**—No. 12988Ex.A.—5th December 1934.—In exercise of the powers conferred by clause (*f*) of sub-section (*1*) of section 6 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919), the Governor in Council is pleased to notify the following as an article of food and to prescribe the conditions mentioned against such article which must be fulfilled if such article is to be sold or exposed or hawked about for sale or manufactured or stored for sale, in the district of Darjeeling, viz.:—

*Tea including tea dust, tea sweepings, tea fannings or stalk tea* shall be the leaves and leaf buds of species of *Thea*, prepared by fermenting, drying and firing; it shall not contain any tea which has been in any measure deprived of its proper quality, strength or virtue by steeping, infusion, decoction or other means or any foreign matter.

**Darjeeling.**—No. 12989Ex.A.—5th December 1934.—In exercise of the power conferred by section 4 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919), and in supersession of notification No. 9248San., dated the 28th August 1920, the Governor in Council is pleased to declare that the normal constituents of the articles of food named below are those specified against each such article, namely:—

*Milk* shall be the normal, clean and fresh secretion obtained by completely milking the udder of the healthy cow or buffalo properly fed and kept and has a specific gravity of 1028 to 1030 at 15·5°C and shall contain 4·4 per cent. of lactose.

*Ghee* is the pure clarified milk fat of cow or buffalo or cow and buffalo and has a butyro-refractometer reading of not less than 40 and not more than 42·5 at 40°C; in the case of cow ghee a saponification value of not less than 220 and Reichert Wollny value of not less than 24, in the case of buffalo ghee, a saponification value of not less than 222 and Reichert Wollny value of not less than 30, and in the case of mixed cow and buffalo ghee a saponification value of not less than 222 and Reichert Wollny value of not less than 28.

*Butter* is the substance known as butter made exclusively from milk or cream (other than condensed or desiccated milk or cream) or both with or without salt or other preservative and with or without the addition of (vegetable) colouring matter.

*Mustard oil* is the fixed oil expressed or extracted from mustard seed and shall have a saponification value of not less than 169 and not more than 175 and an iodine value of not less than 96 and not more than 104.

*Wheat flour* (*moida*) is the fine clean sound product made by milling wheat and bolting or dressing the resulting wheat meal and shall contain not more than 1 per cent. of ash calculated on dried substance, *i.e.*, dried to constant weight at 100°C.

*Tea* is the leaves and buds of various species of *Thea* prepared by the usual trade processes of fermenting, drying and firing and conforming in variety and place of production to the name it bears. It contains between 4 and 8 per cent. of total ash, the proportion of this ash soluble in boiling distilled water being not less than 40 per cent. The extract obtained by boiling one part of tea with 100 parts by weight of distilled water for one hour is not less than 30 per cent.. (The tea used in determining the percentage of total ash and extract is "dry tea," *i.e.*, tea dried to constant weight at 100°C.) The structure of the leaves present is that of the Camellia genus.

**Darjeeling.**—No. 12990Ex.A.—5th December 1934.—In exercise of the power conferred by section 6 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919), the Governor in Council is pleased to prescribe the conditions mentioned respectively against the article of food named below which, in addition to the provisions specified in that section, must be fulfilled if any of the articles is to be sold or exposed or hawked about for sale or manufactured or stored for sale in the district of Darjeeling, viz.:—

*Milk.*—Cow's milk shall contain not less than 3·5 per cent. of milk fat and not less than 8·5 per cent of non-fatty solids; buffalo's milk shall contain not less than 6 per cent. of milk fat and not less than 9 per cent. of non-fatty solids.

*Ghee* shall have a butyro-refractometer reading of not less than 40 and not more than 42·5 at 40°C, and in the case of cow ghee a saponification value of not less than 220 and a Reichert Wollny value of not less than 24, in the case of buffalo ghee a saponification value of not less than 222 and Reichert Wollny value of not less than 30, and in the case of mixed cow and buffalo ghee a saponification value of not less than 222 and Reichert Wollny value of not less than 28.

*Butter.*—Butter shall not contain more than 20 per cent. of water.

**Darjeeling.**—No. 13057E.A.—8th December 1934.—In exercise of the power conferred by clause (*6*) of section 3 of the Indian Lunacy Act, 1912 (IV of 1912), the Governor in Council is pleased to empower Babu Basanta Kumar Mukherji, Deputy Magistrate and Deputy Collector, Darjeeling, to perform the functions of a Magistrate under the Act in the district of Darjeeling.

This cancels Local Self-Government Department notification No. 2877 Medl., dated the 14th September 1934, published at page 1345, Part I of the *Calcutta Gazette*, dated the 20th September 1934.

## NOTIFICATION.

### Examination in the Art of Teaching, Burdwan Division.

Chinsura, the 22nd November 1934.

An examination in the Art and Practice of Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) will be held at the Hooghly Training School on Monday, the 18th February 1935, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examination:—

(a) Teachers of English subjects, who have passed (i) the Matriculation or some higher University Examination, or (ii) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(b) Teachers of vernacular subjects, who have passed the same examinations, or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(c) Pandits and Maulvis employed in teaching an oriental classical language other than Pandits in Sanskrit *tols* and Maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a Senior Grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(a) A practical examination in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(b) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(c) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the Art of Teaching, object lessons, class management, organisation and discipline.

4. The following books are recommended for study by the candidate:—

(a) For teachers of English subjects—

(1) Indian Teachers' Guide, by P. Wren, (2) Indian School Organisation, by P. Wren, (3) Suggestions for the consideration of Teachers (Board of Education, Whitehall), (4) Talks to Teachers (James), (5) Art of Teaching, by D. Salmon, (6) Direct Method, by Tate and Rajagopalchari.

(b) For teachers of vernacular subjects—

(1) শিক্ষা-বিজ্ঞান, by Khan Bahadur Abdur Rahman Khan, (2) Teachers' Manual, by Khan Bahadur Ahsanullah, (3) পাঠটীকা লিখিবার পদ্ধতি, by Jagannath Dey, (4) মনোবিজ্ঞান, by S. C. Brahmachary, (5) ভূগোল শিক্ষা প্রণালী, by I. Haque.

(c) Teachers of oriental classical languages may study any of the above sets of books.

5. Intending candidates from High Schools should submit their applications through the Head Masters, and teachers of Middle Schools and Junior Madrasahs through the District Inspectors, so as to reach this office *not later than the 6th February 1935*. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

(1) Name (in full).

(2) Name of father (in full).

(3) Names of native village and district.

(4) Last examination passed.

(5) Year of passing.

(6) Period of service as a teacher.

(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages).

(8) Two class subjects in which he wishes to be examined.

(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously; if so, how often, giving dates.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

### Notice.

THE Bengal Government proposes to settle some 2 bighas 12 kattas of land situated in Buxi Bazar close to the Old Secretariat, south of Eastern Bengal Railway line, and locally called by Buxi Bazar in the municipality of Dacca as building sites. The area will be divided into four plots of more or less 13 kattas each. The rent will be Rs. 33 a year per bigha and the leases will run for thirty years. A plan of the land and a copy of the lease may be inspected at the office of the Collector of Dacca.

Applicants for plots must be prepared to pay selami at a minimum rate of Rs. 400 per bigha. Tenders of selami at rates above Rs. 400 will be considered and provided applicants are otherwise eligible, settlement will be made with those who offer the highest rate. No applicant who already possesses a suitable house or building plot within the town of Dacca or whose intention it is to sublet or otherwise dispose of the land to others will be considered eligible. Applicants may tender for particular plots and endeavours will be made to meet their wishes as far as possible. Tenders of selami should be sealed and sent to the Collector of Dacca with a covering petition bearing a two-anna court-fee stamp. All applications should reach the Collector of Dacca by the 17th December 1934 after which date plots will be allotted.

B. C. PRANCE, Collector.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th December 1934.

### Monthly Weather and Crop Report of Bengal for November 1934.

I. *Character of the season.*—During the month under review, the rainfall was above the normal in fifteen districts, while in the rest of the Presidency it was below the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Preparatory tillage for and sowing of spring crops and harvesting of winter paddy were progressing under favourable conditions.

III. *State of standing crops.*—The condition of standing crops was reported to be satisfactory.

IV. *Progress and probable outturn.*—The outturn of autumn paddy was estimated at 72 per cent. and that of winter paddy at 81 per cent. of the normal.

V. *Damage to standing crops.*—No appreciable damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Stray cases of cattle-disease were, however, reported from seven districts of the Presidency.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Nadia and Midnapore.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in three districts, fell in ten and remained stationary in the rest of the Presidency. The prices ranged from 10 seers per rupee at Jalpaiguri and Darjeeling to 15 seers per rupee at the Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair, except in parts of Murshidabad and Birbhum, where distress continued.

S. ABDULLAH,
*for Director of Agriculture, Bengal.*

### The Budge-Budge and Bauria Electric License, 1935.

Notice is hereby given that the Calcutta Electric Supply Corporation, Limited (incorporated in England), has applied to the Government of Bengal for a license under the Indian Electricity Act, 1910 (as amended), for the supply of electrical energy to the public within an area of supply subject to administration partly by the district board, Howrah, partly by the district board, 24-Parganas, partly by the Municipality of Budge-Budge, partly by the South Suburban Municipailty and partly by the Commissioners for the Port of Calcutta, in the districts of Hooghly and 24-Parganas in Bengal for the purposes and upon and subject to the terms and conditions set forth in the draft license of which the following is a copy:—

DRAFT LICENSE.

### The Budge-Budge and Bauria Electric License, 1935.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Calcutta Electric Supply Corporation, Limited, a company registered in England under the English Companies Acts and having its registered office in London, to supply electric energy in the area with the powers and upon the terms and conditions specified below:—

*Short Title.*

1. This license may be cited as "The Budge-Budge and Bauria Electric License, 1935."

### *Interpretation.*

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings, provided that in this license:—

(*a*) "The Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(*b*) The expression "the licensees" shall mean and include, the said Calcutta Electric Supply Corporation, Limited, and their permitted assigns.

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department and by the Agent of the licensees.

(*d*) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

(*e*) Unless otherwise stated, where roads are mentioned as forming the boundary or part of the boundary of any area in this license, the premises, properties or structures abutting upon either side of such roads are deemed to be within the area referred to. Where any part of a boundary is stated to be a railway, the area shall be deemed to include such part of the railway as lies along the boundary referred to. Where any part of the boundary is stated to be a railway station or passing through a railway station, the whole of such railway station premises shall be deemed to be included in the area so that the boundary will be the outer side of the station premises and lands. Where any part of a boundary is stated to be a canal or khal or stream or inlet and where the boundary line is stated to run along the same (but not where the line is stated to run across the same) the canal, khal, stream or inlet shall be deemed to be included in the area.

(*f*) The term "large consumer" shall mean a consumer who shall agree to take from the licensees and pay for a minimum consumption of 500,000 units of energy per annum.

(*g*) The term "small consumer" shall mean a consumer who shall not so agree.

### *Area of supply.*

3. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

### *Boundaries.*

On the North—By the Bengal-Nagpur Railway (main) line running north-east and east from Sankrail railway station through Andul and Mourigram railway stations and by the northern loop line through Santragachi railway station and by the Bengal-Nagpur Railway Shalimar Branch line to the point where this branch line crosses the western boundary of the area of supply under the Howrah Electric License, 1926 (Amended 1932).

On the East—By the western and southern boundaries of the area of supply under the Howrah Electric License, 1926 (Amended 1932), and by a line running north and south across the river Hooghly, such line being (on the left bank) at the centre of Nimakmahal Ghat Road and this north and south line being part of the boundary of the area of supply under the Calcutta River License, 1912, and the western and southern boundaries of the area of supply under the Calcutta Electric License, 1907, to the junction of the khal known locally as Kaorapukar and Thakurpukur khal with Tolly's nullah and by the south-eastern boundary of Kaorapukar and Thakurpukur khal to its junction with Charial canal where it passes under the Kalighat-Falta Railway and Diamond Harbour Road.

On the South—By the Charial canal, from the last mentioned point of junction, to the south-west end of the bridge on Orissa Trunk Road over this canal and by the Orissa Trunk Road to its end at Achipur Ferry Ghat on the left bank of the river Hooghly and by a straight line across the river Hooghly from the south side of Achipur Ferry Ghat on the left bank to a point on the right bank on the northern side of the exit of the Ulubaria canal into the river Hooghly and by the northern side of the Ulubaria canal for a distance of 300 yards or thereabouts to the point where the canal is joined by an inlet from the Purana khal and by a straight line across such inlet in a north-westerly direction and for about 300 yards (crossing the Cuttack Road) to the north-west side of the bridge carrying the Bengal-Nagpur Railway (main) line over another inlet or creek running into the Purana khal from the west.

On the West—By the Bengal-Nagpur (main) line from such last mentioned bridge and passing through Phuleswar, Chengel, Bauria, Nalpur and Abada railway stations in a north-easterly direction up to Sankrail railway station aforesaid.

The area of supply specified above is shown coloured red on the deposited map.

### *Situation of Generating Station.*

4. The generating station from which the supply will be taken is situated outside the area of supply but a transformer station or transformer stations will be constructed within the area of supply. The licensees may lay down or place supply lines from such generating station to the boundary of the area of supply.

### *Purpose of supply.*

5. Subject to the provisions of this license and the Act and the rules thereunder, the licensees shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes to—

(*a*) Large consumers.

(*b*) Small consumers.

By way of exception to section 22 of the Act, it is hereby expressly declared:—

The licensees shall not, without the previous sanction of the Local Government in writing, engage in any business other than that specially authorised by this license and other licenses held by them under the Act or essentially necessary to permit the licensees to carry out the obligations imposed by this license, the Indian Electricity Act, 1910, and the Indian Electricity Rules, 1922.

The licensees shall not be under any obligation to supply energy to any small consumer until the Local Government shall decide that the local demand in any sub-area as undermentioned is sufficient to warrant the licensees' obligation to supply to small consumers in that sub-area and shall give notice in writing of such decision to the licensees whereupon the licensees shall be under obligation to commence supply to small consumers in that sub-area.

The area of supply specified in clause 3 above shall be deemed to be divided into such sub-areas as may from time to time be ordered by the Local Government or approved by the Local Government on the application of the licensees, and each such sub-area shall for the purposes of section 22 of the Act be deemed to be the "area of supply" referred to in that section, and the provisions of section 23 of the Act regarding undue preference shall apply as if each sub-area were covered by a separate license. Any sub-area may be formed as aforesaid either before or after any requests for supply have been received from intending small consumers. The rates, terms and conditions upon which small consumers may demand supply in each sub-area may at the discretion of the licensees differ from those in other sub-areas but shall be uniform in each sub-area. In deciding the rates, terms and conditions to be applied to each sub-area consideration shall be given to the cost of the licensees' works, proximity of the consumers' load to one of the transformer stations and to any other matters which may be considered relevant, but in no case shall the maximum rates set out in this license be exceeded.

*Conditions of supply and rates to be charged.*

6. Within six months from the date of the formation of a sub-area or sub-areas referred to in clause 5 hereof, the licensees shall submit to the Local Government a statement of terms and conditions which they propose to make to regulate their relations with persons who are or who intend to become consumers within such sub-area or sub-areas.

*Nature of supply.*

7. The supply to be given under this license shall be alternating current at a frequency of 50 complete cycles per second.

(*a*) For domestic and general purposes other than manufacturing, a medium pressure three phase four wire supply at a pressure of 400 volts between phases and a low pressure of 230 volts between each phase and neutral.

(*b*) For manufacturing purposes, up to and including 50 kilowatts connected load by a medium pressure three-phase supply at a pressure of 400 volts between phases.

(*c*) For manufacturing purposes, over 50 kilowatts by a three-phase supply at a pressure of 20,000 volts or 6,000 volts between phases.

The pressure stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply.

Provided that the licensees may, from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

*Limits of rates to be charged in respect of the supply of energy.*

8. The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

At the following rates per month:—

(*a*) For lighting purposes—For any quantity up to 6 units—Rupees 6 only and for each unit over 6 units, annas 8 only.

(*b*) For purposes other than lighting—Annas 4 only per unit.

(*c*) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, the maximum rates shall be such as the Government of Bengal may fix on approving the matter.

*Purchase of undertaking.*

9. (*a*) The [redacted] purchase given by section 7 [redacted] be exercisable on the 30th [redacted] 1980 and at the end of every subsequent period of ten years during the subsistence of this license. The percentage of the value to be determined in accordance with and for the purposes of section 7 of the Act of the lands, buildings, works, materials and plant of the licensees therein mentioned to be added under the said section to such value on account of compulsory purchase, shall be 20 per cent.

(*b*) In accordance with section 3, sub-section (*2*), clause (*d*) (*ii*) of the Act, it is hereby declared that all the works, within the area of supply described in clause 3 of this license shall, and that the generating station referred in clause 4 of this license to be used in connection with the undertaking shall not, form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(*c*) After notice shall have been given as prescribed in section 7, sub-section (*4*) of the Act, all extensions and outlays of money debitable to the capital account of the licensees during the last two years of the period of such notice shall be subject to the previous approval of the Local Government.

*Exceptions and variations from the Schedule to the Act.*

10. In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act it is hereby expressly declared that—

(*a*) Clauses I and IV of the Schedule to the Act shall be excepted from incorporation in this license.

(*b*) Clauses V, VI, VII, VIII and XII of the Schedule to the Act shall be deemed to be excepted until the Local Government shall order or decide that the local demand for electrical energy is sufficient to warrant the observance thereof in any sub-area as provided in clause 5 and shall give notice in writing of such decision to the licensees whereupon such clauses V, VI, VII, VIII and XII of the Schedule to the Act shall apply in respect of that sub-area.

(*c*) The following sub-clause shall be substituted for clause X, sub-clause (*2*), namely:—

"Within six months from the date of this license, the licensees shall give notice by public advertisement, in such a manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing or such shorter notice as the Local Government may deem proper of any such change to the Local Government and the local authority concerned and every consumer of energy who is supplied by them."

*Securing continuity of supply.*

11. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this claus[illegible] immediately following be tak[illegible] include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trade Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

12. If the licensees shall in the opinion of the Local Government have failed to give such immediate and full information as is required in clause 11 hereof or if at any time any interruption of the supply shall occur which in the opinion of the Local Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of the Local Government fail to comply with any of the provisions of any of the clauses of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

A copy of the deposited map may be inspected and copies of the draft license may be obtained at the local office of the Company at Victoria House, Calcutta.

Every local authority, company, or person desirous of making any representation to the Government of Bengal with reference to the application for the license may do so by letter addressed to the Secretary to the Government of Bengal, Commerce Department, Writers' Buildings, Calcutta, within three months of the date of the issue of the newspaper in which this advertisement is first published, namely, the 29th November, 1934.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

**Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.**

### BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 2215L.C.—14th December, 1934.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 11th December, 1934, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

## THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1934.

# A
# BILL

*further to amend the Calcutta Improvement Act, 1911.*

WHEREAS it is expedient further to amend the Calcutta Improvement Act, 1911, in the manner hereinafter appearing; Ben. Act V of 1911.

It is hereby enacted as follows :—

Short title and commencement.

**1.** (*1*) This Act may be called the Calcutta Improvement (Amendment) Act, 1934.

(*2*) It shall come into force on such date as the Local Government may, by notification, appoint.

Amendment of section 78 of Bengal Act V of 1911.

**2.** In section 78 of the Calcutta Improvement Act, 1911 (hereinafter referred to as the said Act),—

(*a*) in clause (*ii*) of sub-section (*4*), for the words "at the rate of six *per cent. per annum* " the words " at such rate not exceeding six *per cent. per annum* as the Local Government may fix by notification " shall be substituted ;

(*b*) in sub-section (*8*), for the words " at the rate of six *per cent. per annum* " the words " at the rate fixed under the provisions of that clause " shall be substituted ; and

(*c*) after sub-section (*10*) the following sub-section shall be added, namely :—

" (*11*) Notwithstanding anything contained in clause (*ii*) of sub-section (*4*) or in sub-section (*8*), the rate of interest payable under the provisions of that clause or that sub-section, as the case may be, shall be, or continue to be, six *per cent. per annum* in cases where the sum, in consideration of which the acquisition of the land has been abandoned, has been fixed under sub-section (*3*) on or after the date of the commencement of the Calcutta Improvement (Amendment) Act, 1923, but before the date of the commencement of the Calcutta Improvement (Amendment) Act, 1934, and the agreement in respect of the payment of the same is executed during the period commencing with the date of the commencement of the Calcutta Improvement (Amendment) Act, 1923, and ending two months after the date of the commencement of the Calcutta Improvement (Amendment) Act, 1934."

Amendment of section 79.

**3.** In section 79 of the said Act, for the words " up to the date of realisation " the words " due, up to the date of realisation, which shall, in the case of betterment fees under section 78B or section 78C, be " shall be substituted.

## STATEMENT OF OBJECTS AND REASONS.

Section 78 of the Calcutta Improvement Act, 1911, provides for the abandonment of acquisition of land not required for the execution of an improvement scheme in consideration of a special payment. Sub-section (*4*) provides that this special payment may be made in cash or the amount may be left outstanding as a charge on the land, subject to the payment in perpetuity of interest at the rate of 6 *per cent. per annum*. When the Calcutta Improvement Act was passed in 1911, the rate of interest prescribed was 4 *per cent*. As the prevailing rates of interest rose during the war and the years following it, the rate of 4 *per cent.* was found inadequate, and in 1923, the Act was amended and the rate was raised to 6 *per cent*. Government consider that in present conditions this rate is excessive. It seems to Government equitable that the interest payable on these payments should approximate to the rate of interest which the Board has to pay for money borrowed to replace locked up capital. At the same time it is difficult in present conditions to fix a rate of interest which would continue to be suitable for a number of years. The Bill, therefore, amends section 78 so as to provide that Government may, from time to time, fix the rate of interest by notification, subject to a maximum rate of 6 *per cent*.

### NOTIFICATION.

No. 2216L.C.—14th December, 1934.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 11th December, 1934, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

## THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1934.

# A

# BILL

*further to amend the Calcutta Municipal Act, 1923.*

WHEREAS it is expedient further to amend the Calcutta Municipal Act, 1923, in the manner hereinafter appearing; Ben. Act III of 1923.

It is hereby enacted as follows:—

Short title.

**1.** This Act may be called the Calcutta Municipal (Amendment) Act, 1934.

Amendment of section 477 of Bengal Act III of 1923.

**2.** After clause (*xiii*) of section 477 of the Calcutta Municipal Act, 1923, the following clause shall be inserted, namely:—

"(*xiiia*) assistance to schools in which persons employed on manual labour above the ages specified in section 91 receive primary education and to *tols* and *maktabs*;".

## STATEMENT OF OBJECTS AND REASONS.

The Calcutta Municipal Act, 1923, does not contain any express provision for the payment of grants by the Corporation of Calcutta to *tols* and *maktabs* or to institutions in which persons employed on manual labour receive primary education. The object of this Bill is to remedy this defect, as it is considered desirable that the Corporation should have power to make grants to these institutions.

## Minute of dissent by Dr. N. C. Sen Gupta, M.L.C.

I am of opinion that the scope of the Bill is unduly narrow. It will be for the Council to consider whether by a supplementary Bill its protection should not be extended to other classes of humble wage-earners who are equally subject to besetting either in their places of work or in the offices where they are paid. But, as there are difficulties about amending this Bill for the purpose I do not desire that the passing of this Bill should be delayed on that account.

*Clause 3.*—I think that the draft of clause 3 has been misconceived and is based on a confusion between the two different functions of apprehension and conviction for the offence. There should be no conviction unless it is proved within the meaning of the word in the Evidence Act that the man was besetting the factory with a view to recover a debt. In arriving at his finding on the question the Magistrate will consider the circumstances and upon such consideration may be satisfied that the object of the besetter was to realise his debt, although no direct evidence of that intention is forthcoming. On the other hand a man who loiters in such manner as to afford just ground for *suspicion* and no more that he was besetting, can be very properly arrested but he cannot be convicted unless the circumstances show not only grounds for suspicion but the strong probability that he was besetting with that object.

I would therefore omit the words " in such manner or in such circumstances as to afford just grounds for suspicion that he is so loitering."

The absurdity of the present draft would be clear on consideration of an extreme case. Suppose a Magistrate is satisfied on the evidence that the accused was not besetting with the intention stated, but the manner of his loitering nevertheless offered just ground for suspicion that he was. In such a case the Magistrate would nevertheless be bound to convict on the section as it stands. No doubt it may be presumed that no Magistrate would act so unreasonably. But he can refuse to do so only by evading the words of the section. It is obvious that the Legislature should attempt to make its laws reasonable instead of trusting to the good sense of the Magistrate to disregard the law in an inconvenient case.

## Minute of dissent by Mr. H. S. Suhrawardy, M.L.C.

In my opinion the Bill does not go far enough. It does not protect certain classes of workmen and labourers who are equally, if not greater, victims of the rapacity and oppression of money-lenders than those whom the Bill is designed to protect. The Bill also is limited to protecting certain classes of workmen at or near the place where they work. Obviously the intention of the Royal Commission on Indian labour when it made its recommendations was to protect workmen from extortion by money-lenders and creditors *when they receive their wages*; for it is just then that the workman or labourer is subject to the greatest harrassment, as instances we can cite the case of seamen, who receive their wages at the Shipping office, or municipal menial servants, who receive theirs in the Municipal or District offices away from their place of work. It was therefore essential that the workman or labourer should be protected from being beset near the place where he receives his wages. I would have been glad to introduce this amendment, but I am credibly informed that this may so widen the scope of the Bill as to need fresh circulation and a fresh sanction from the Government of India. I, therefore, do not suggest that the present Bill should be amended in the present session, but I am definitely of opinion that after obtaining the sanction of the Government of India an amending Act should be brought in enlarging its scope so as to make it penal for creditors to beset places where a seaman, labourer, workman, or a menial servant of a body corporate such as a municipality receives his wages. I am happy to say that many members of the Select Committee have expressed the view that they agree with the above opinion.

## Minute of dissent by Mr. K. C. Roy Chowdhury, M.L.C.

The name and title of the Bill, namely, the Bengal Workmen's Protection Bill, sounds as if some real protection is provided for labour, *e.g.*, protection against disease, accident or exploitation by employers. The Bill only aims at punishing money-lenders for besetting indebted workmen's place of work—a mild dose of protection indeed. I would, therefore, suggest that the name should be "Indebted Workmen's or Labour Protection Act." I am also opposed to the majority decision in clause 4 that offences under the Act shall be "bailable." The fear of a night's detention in police lock-up will act as deterrent to many *Kabulees*, " whose *lathi* is the only court to which they appeal " for realisation of debts.

# BILL

*to prevent recovery of debts from certain classes of workmen by besetting their place of work.*

WHEREAS it is expedient to prevent recovery of debts from certain classes of workmen by besetting their place of work;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act; 5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c.101.

It is hereby enacted as follows:—

Short title and local extent.

**1.** (*1*) This Act may be called the Bengal Workmen's Protection Act, 1934.

(*2*) It shall apply in the first instance only to Calcutta and the districts of 24-Parganas, Hooghly and Howrah.

*Explanation.*—"Calcutta" means the town of Calcutta as defined in section 3 of the Calcutta Police Act, 1866, together with the suburbs of Calcutta as defined by notification under section 1 of the Calcutta Suburban Police Act, 1866, and the port of Calcutta as defined by notification under section 5 of the Indian Ports Act, 1908. [*Cf.* Ben. Act III of 1926, s. 2(*a*).] Ben. Act IV of 1866. Ben. Act II of 1866. XV of 1908.

Further provision as to extent.

**2.** The Local Government may, by notification in the *Calcutta Gazette*, extend this Act to any area specified in the notification:

Provided that no notification under this section shall be published in respect of any area included in a military cantonment without the previous sanction of the Governor General in Council.

Besetting certain premises with a view to recover debt.

**3.** Whoever loiters at or near any—

(*a*) mine;
(*b*) dock, wharf or jetty;
(*c*) railway station or yard; or
(*d*) premises whereon any manufacturing process is carried on,

in such manner or in such circumstances as to afford just grounds for suspicion that he is so loitering with a view

*(Clauses—4, 5.)*

to recover any debt from any workman employed in such mine, dock, wharf, jetty, railway station or yard or premises shall be punished with imprisonment which may extend to six months or with fine or with both.

*Explanation.*—The expression "manufacturing process" shall have the meaning assigned to it in the Indian Factories Act, 1911. XII of 1911.

Offences under this Act to be cognizable and [*non-bailable*] bailable.

**4.** Notwithstanding anything contained in the Code of Criminal Procedure, 1898, any offence punishable under this Act shall be cognizable and [*non-bailable*] bailable. [*Cf.* Ben. Act XXII of 1932, s. 26.] Act V of 1898.

Offences under this Act triable by Presidency Magistrate or Magistrate of first class.

**5.** No Magistrate other than a Presidency Magistrate or a Magistrate of the first class shall try any offence punishable under this Act. [*Cf.* Ben. Act X of 1932, s. 17.]

**Resolution Reviewing the Reports on the Working of Municipalities in Bengal during 1932-33.**

## GOVERNMENT OF BENGAL.

**Local Self-Government Department.**

**Local Self-Government (Municipalities).**

CALCUTTA, THE 11TH DECEMBER 1934.

---

RESOLUTION No. 5744M.

---

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

**Number of municipalities.**—The number of municipalities in the Presidency was 117 as in the previous year. The boundaries of the Santipur Municipality were changed owing to the shifting of the river Hooghly and the area of the Bogra Municipality was extended in order to include the new Police lines. The boundaries of some other municipalities have also undergone slight modifications as a result of the recent survey and settlement operations.

The outstanding event of the year was the passing of the new Bengal Municipal Act (Bengal Act XV of 1932) which was brought into operation from December 1932 in all the municipalities except the two hill municipalities of Darjeeling and Kurseong where the old Act continued to be in force.

2. **Elections.**—During the year under report, general elections were held in 54 municipalities. In the Presidency Division elections under the new Act were held in 18 municipalities, but before it came into force an election under the old Act had already taken place at Budge-Budge. In the Burdwan Division there were 13 general elections, of which 12 were under the new Act.

The Uttarpara Municipality had to hold two general elections in the course of a few months, one under the old and another under the new Act; while the Burdwan Municipality, where a general election under the old Act took place in 1931-32, held another election in March 1933, under the new Act. In the Rajshahi Division general elections were held at Bogra and Darjeeling under the old Act and in 8 other municipalities under the new Act. In the Dacca Division general elections were held in 13 municipalities under the new Act. The election at Kurseong was overdue but could not be held owing to uncertainty as to the date of extension of the new Act to the Darjeeling district.

In most municipalities elections were keenly contested. In the small town of Jamalpur (Mymensingh) 94 per cent. of voters of one ward attended the polling station and at Kishorganj the contest was so keen in one ward that out of 110 voters all except 9 turned up to vote. In the Darjeeling Municipality the hillmen showed their growing class consciousness by putting forward candidates of their own and securing 8 seats out of 18. On the other hand, in the Arambagh, Vishnupur, Sherpur (Bogra) and Old Malda Municipalities there was no contest and no polling. There was no poll in the Gouripore and Nalchiti Municipalities in the Dacca Division, as the number of candidates did not exceed the number of seats; while at Cox's Bazar only one seat out of twelve was contested.

3. **Meetings.**—Out of 2,809 meetings held during the year, 90 proved abortive for want of quorum and 210 were adjourned, against 118 and 249, respectively, in the previous year. The number of adjourned meetings in the Burdwan Division was 95; the Hooghly-Chinsurah Municipality achieving an unenviable notoriety by adjourning 24 out of its 51 meetings. Bansberia and Bally held the highest number of meetings, viz., 62 each. The next highest numbers were contributed by Panihati with 55, Nabadwip with 54 and English Bazar with 47. The percentage of attendance was, however, very low at English Bazar and at Chandrakona 6 meetings failed for want of a quorum. The commissioners of the Mymensingh and Perojpur Municipalities failed to meet once a month.

The attendance of commissioners was quite good. In 11 municipalities the

average attendance was over 80 per cent. and in 20 others, over 70 per cent. In only 9 was it less than 50 per cent. The best record was that of Baranagar, with a percentage of 90·8. At Budge-Budge the percentage was only 43·3, while at Debhatta it fell to 7·5. It must, however, be remembered that a high percentage of attendance often connotes the existence of party faction, and is not, therefore, in itself an indication of an eagerness for the discharge of civic responsibilities.

4. **Ratepayers.**—The total number of ratepayers rose from 343,600 to 346,120, the percentage to total population being 15·09 against 14·9 in the previous year. The percentage was highest at Sherpur in the district of Bogra (37·5) and lowest at Bhatpara (3·1), a mill town with a a large cooly population. Other towns in which rates are paid by less than one-tenth of the population are Mymensingh and the riparian mill municipalities with a floating population of factory operatives who pay no rates themselves. In the two hill municipalities of Darjeeling and Kurseong the percentage was 5·3 and 6·6, respectively.

5. **Rates and taxes.**—The average incidence of taxation for the province as a whole was Rs. 2-15-11. The actual incidence ranged from Rs. 8-3-9 at Dum-Dum and Rs. 4-5-7 at Hooghly-Chinsurah to Re. 0-8-3 at Ramjibanpur and Re. 0-7-1 at Baduria. Revisions of assessment were made in a number of municipalities. At Khardah and Brahmanberia the tax on persons was replaced by a rate on holdings, the former having been abolished by the new Municipal Act. Bhatpara imposed lighting and water-rate, and Kushtia imposed a conservancy rate. Baranagar and Naihati increased their revenue by the assessment of new and improved holdings, and Tollyganj showed an increase of Rs. 3,646 in revenue as a result of revision of assessment. General revision resulted in decreased revenue at Ramjibanpur and partial revision produced a slight fall in revenue at Chandrakona, Kharar, Serajganj and Old Malda. Revision in the Dacca and Chittagong Divisions, on the other hand, resulted in a large increase at Dacca (Rs. 5,749), Narayanganj (Rs. 15,150), Chittagong (Rs. 5,305), Comilla (Rs. 3,978), Chandpur (Rs. 1,381) and Noakhali (Rs. 2,743), the net increase for the whole Chittagong Division being Rs. 20,502. Decrease of revenue at Jamalpur, Mymensingh, Netrokona and Faridpur was due to remissions.

6. **Collections.**—The collection for the province as a whole fell from Rs. 67·43 lakhs to Rs. 66·65 lakhs. The percentage of collection on the current demand also fell from 89·5 to 88·8, the lowest ratio being returned by Tollyganj (68·9). This general decrease is ascribed to the prevailing economic depression. Six municipalities, viz., Kurseong, Muktagacha, Gouripur, Vishnupur, Midnapore and Jangipur, achieved the distinction of collecting the current demand in full, while the Garulia Municipality collected the full current demand without granting remission. Bhadreswar and Champdani also collected practically the whole of their demand after granting less than ½ per cent. remission, no outstanding balance being left in the former case and only Rs. 106 in the latter. In these towns, however, the bulk of the taxes is paid by the mills, leaving only a small percentage to be collected in the ordinary way.

The total remissions, both arrear and current, for the province as a whole amounted to Rs. 4,64,576 and represented 6·2 per cent. of the current demand. The percentage of remissions to the current demand varied from 41·2 per cent. at Chandrakona, 39 per cent. at Debhatta and 31·8 per cent. at Serajganj to ·5 per cent. at Bhadreswar and Kurseong. The Howrah, Hooghly Chinsurah and Dacca Municipalities remitted as much as Rs. 1,61,969, Rs. 21,541 and Rs. 34,948, respectively, and the total remissions in the Rajshahi Division rose from Rs. 29,817 to Rs. 38,540. In the case of Howrah and Hooghly-Chinsurah, the abnormally high remissions are generally ascribed to the decision of the Appeal Committees in cases filed against revision of assessment. No explanations have been given for the large remissions in other towns. These are, however, not far to seek. Large remissions are the logical consequence of careless and illegal assessment, inefficient collections and reluctance to enforce the summary procedure provided in the Bengal Municipal Act. The following are some of the glaring instances of irregular remissions granted by the municipal commissioners which were noticed by the Examiner of Local Accounts in the Local Audit Report for the year 1932-33 :—

(*i*) At Satkhira taxes were remitted on the ground of poverty, the latrine and

water taxes having been assessed without any reference to the valuation of the holdings.

(*ii*) At Nabadwip remission of taxes was granted with retrospective effect in several instances on account of excessive hardship, although such remission with retrospective effect is inadmissible.

(*iii*) At Barisal the commissioners at a meeting remitted half the excess water consumption fees in respect of all the pending bills, although there is no provision either in the Act or in the rules authorising the commissioners to grant such remissions.

(*iv*) At Vishnupur the latrine tax on vacant holdings was, in numerous cases, fully remitted on the ground that the holdings were vacant or that the occupiers were too poor to pay the tax.

The balance outstanding rose from Rs. 25¼ lakhs at the commencement of the year to more than Rs. 28½ lakhs at its close. Of this amount, Howrah alone was responsible for more than Rs. 9½ lakhs. Other municipalities which had unduly large balances outstanding were Dacca (Rs. 2,82,670), Mymensingh (Rs. 1,01,080), Hooghly-Chinsurah (Rs. 92,314), Tollygunge (Rs. 82,191), Barisal (Rs. 65,403) and Comilla (Rs. 61,780). Asansol, Bally, Serampore and Rangpur had outstandings of more than half a lakh of rupees each. Three municipalities, viz., Bhadreswar, Garulia and Dhulian, on the other hand, had no outstanding balance. While the general trade depression and economic distress were undoubtedly among the causes of large outstandings, the main reason must, as heretofore, be sought in the natural reluctance of non-official executives to jeopardise their chances of office and re-election by taking coercive measures, and in the inefficient management of the assessment and collection departments. Not a few commissioners and other influential and well-to-do persons took advantage of their position to allow their taxes to fall into arrears and in most cases no effective action was taken against them. It is a regrettable fact that the financial condition of many municipalities is deteriorating and will continue to do so as long as disinterested and energetic administration is lacking.

7. **Income and expenditure.**—The total receipts including opening balances fell from Rs. 122·4 lakhs to Rs. 112·9 lakhs. The total disbursement amounted to Rs. 99·7 lakhs as against Rs. 109 lakhs in the previous year. The total balance at the close of the year was Rs. 13·2 lakhs as against Rs. 13 lakhs. Baranagore had a closing balance of Rs. 48,674 representing funds accumulated for its water-supply scheme, while Budge-Budge, South Dum-Dum, Titagarh and Nabadwip also had large closing balances in the form of funds set apart for town improvement schemes. On the other hand, a number of municipalities failed to keep adequate working balances and in several instances these were insufficient to meet outstanding liabilities. Debhata closed the year with a balance of Rs. 50 only and at Dinajpur, Rangpur, Bogra, Sherpur, Pabna and Serajganj the outstanding liabilities largely exceeded the closing balance. The worst offenders in this respect were Bhola which had outstanding liabilities amounting to Rs. 4,070 against an actual balance of Rs. 9 only, and Howrah which closed the year with a sum of Rs. 61,662 only against liabilities amounting to Rs. 2,19,277.

8. **Education.**—The total amount spent on education rose from Rs. 5,03,105 in 1931-32 to Rs. 5,24,798 during the year under review. This amount included a Government contribution of Rs. 1,32,981. Expenditure on primary education totalled Rs. 3,55,029. In the Presidency Division expenditure on primary education rose by Rs. 2,833, owing to an increase by the Baranagore, Tollygunge, North Barrackpore and Panihati Municipalities of their expenditure under this head. Murshidabad, on the other hand, spent only Rs. 2 on primary education, and Dum-Dum spent nothing under this head, while at Berhampore there was a decrease of Rs 3,862. The Howrah Municipality considerably increased its expenditure by the establishment of a number of free primary schools, although a great deal remains to be done in the mill areas of this municipality in the matter of opening night schools for the illiterate labouring classes. The Dinajpur Municipality introduced free primary education in primary schools under its direct control with effect from 1st April 1933; primary education was reported to have been seriously neglected at Pabna and Serajganj. Dacca spent Rs. 24,068 on primary schools but this amount included a Government contribution of Rs. 13,118. Narayanganj maintained a free public library and five primary

schools. The Chittagong Municipality spent Rs. 59,132 on education, of which Rs. 17,962 was devoted to primary education. Three free schools for the boys of the labouring classes, fishermen and sweepers were maintained by the municipality and aid was given to a girls' school for *Jaladas* and a night-school for Santhals.

9. **Water-supply.**- The total expenditure under this head during the year under review was Rs. 14·6 lakhs against Rs. 17·34 lakhs in the previous year, the decrease being due partly to the fact that several municipalities incurred heavy capital expenditure during the preceding year and partly to the general reluctance to undertake new works owing to the economic depression. Notable increase in expenditure, however, occurred at Barisal (Rs. 39,267), Dum Dum (Rs. 38,828) and Dacca (Rs. 21,349). The Barisal waterworks extension scheme was completed and at Dacca a large number of pending bills were paid off. Serampore secured administrative approval to a water-supply scheme of its own at an estimated cost of Rs. 3,46,000 and Burdwan obtained sanction for a water-supply extension and improvement scheme costing Rs. 26,974. The scheme proposed by the Hooghly-Chinsurah Municipality was under examination by the Public Health Department. The Burdwan Division, as a whole, showed a total decrease in expenditure of Rs. 1,68,930, the decrease being especially marked at Asansol, Hooghly-Chinsurah and Howrah. In the Presidency Division, Naihati, Nabadwip, Khulna and Khardah increased their expenditure, but Satkhira, Kamarhati and Gobardanga spent less, and expenditure at Tollygunje fell by Rs. 3,899 owing to the non-payment of a bill for water supplied by the Calcutta Corporation. In the Rajshahi Division the total decrease was Rs. 80,969 which is, however, mainly ascribed to the large outlay on original work which had been incurred at Darjeeling in the previous year. At Rajshahi the waterworks scheme made no advance owing to the failure of the donors to carry out their promises, the principal donor, Maharani Hemanta Kumari Debi of Putiya, having agreed to pay only Rs. 5,000 annually out of a promised contribution of Rs. 1 lakh. Similarly, at Pabna the waterworks scheme remained at a stand-still as the Tarash zemindars were unwilling to pay anything out of a promised contribution of Rs. 50,000; and there was little prospect of progress made with the waterworks scheme for Nawabganj. The joint water and electric-supply scheme at Jalpaiguri, on the other hand, made remarkable progress; and the waterworks at English Bazar (Malda) were opened in October 1932. There was marked decrease of expenditure at Narayanganj (Rs. 74,215) and Faridpur (Rs. 16,106) which is accounted for by the heavy expenditure on capital works which had been incurred during the preceding year. The waterworks at Barisal, Dacca, Mymensingh, Narayanganj and Patuakhali continued to function during the year with generally satisfactory results. At Patuakhali the supply of filtered drinking water is reported to have effected a great diminution in the death rate from cholera. Chittagong spent Rs. 40,194 on water-supply, but the supply of water was not very satisfactory as the extension of the watered area without a corresponding strengthening of the pumping house engines resulted in an appreciable decrease in pressure. The supply of water at Comilla is also reported to have been unsatisfactory in the western portion of the municipality. A waterworks scheme at Chandpur and an improvement scheme at Noakhali were under consideration at the close of the year.

Several municipalities showed commendable activity in sinking tubewells. In the Burdwan Division most of the municipalities without waterworks sunk tube-wells for the supply of good drinking water, and there was a demand for more such wells. The Rajshahi Municipality also sunk tube-wells in parts of the town where scarcity of drinking water was badly felt. At Brahmanbaria an extension of the existing system of supply of drinking water from tube-wells su[illegible] by the municipality was carried out during the year under review.

10. **Conservancy and Drainage.**—The expenditure on conservancy fell from Rs. 23·13 lakhs to Rs. 22·64 lakhs, but it was still in excess of the receipts on this account, which totalled Rs. 17·74 lakhs. The total expenditure on drainage amounted to Rs. 7·09 lakhs. No new schemes of importance were undertaken in the Burdwan Division, and although several riverside municipalities of the Hooghly District contemplated the construction of sewarage drains, economic conditions proved a handicap. The

heavy expenditure at Burdwan was due to the overhauling of the night-soil vans and road-watering carts and to extra road-watering and bustee-cleaning by the municipality following upon a smallpox epidemic. In the Presidency Division, Bhatpara showed a large decrease (amounting to Rs. 1,37,032) in conservancy and drainage expenditure, owing, mainly, to the fact that a smaller amount was spent during the year in connection with the town improvement scheme which had almost been completed during the preceding year. There was an appreciable increase of expenditure at Naihati owing, largely, to the construction of pucca roadside drains, and at Baranagar owing to increase in establishment and to repeated repairs to the motor lorries in use in the municipality. Kamarhati increased the number of its sweepers and acquired land for a pail depot.

The condition of the municipal drains in the Rajshahi Division continued, with a few exceptions to be very unsatisfactory. Most of the District Officers stressed the urgency of improvement in this direction and commented upon the faulty planning and construction of drains and on the lack of any system for keeping them clean. The insufficiency of trenching grounds and inefficiency of the night-soil service continued to be noticeable. The conditions at Natore were particularly unsatisfactory, all the low-lying parts of the town being choked with water-hyacinth. At Darjeeling collections of refuse by motor lorries proved successful. Mymensingh increased its expenditure on drainage by over Rs. 4,000 through the construction of masonry culverts, the repair of old drains and the re-excavation of some main outfalls. At Dacca six connected public latrines were taken over by the municipality from the University, but in the city proper the substitution of old privies by privies connected with main sewers proceeded slowly on account of the economic depression. The drainage system at Comilla was far from satisfactory, and an expert survey is required for the preparation of an improvement scheme. Chittagong increased its expenditure on conservancy by improving two night-soil depots and one public latrine, by engaging an extra lorry for the removal of refuse, by repairing sweepers' sheds, and by improving the trenching grounds. Generally speaking, progress was slow, and until financial conditions improve, there is little prospect of a rapid advance.

11. **Lighting.**—The expenditure on lighting amounted to Rs. 7,03,308. Asansol introduced electric lighting, and negotiations for electric lighting were proceeding at Midnapore, Bansberia and Bankura. As a result of the trade depression there was a fall in receipts from electric lighting at Howrah. Burdwan imposed no lighting rate on the ground that its electrification scheme was not complete. Several municipalities in the Presidency Division, namely, North Barrackpore, Barrackpore, Kharda, Panihati and Jaynagar, however, spent nothing under this head while Nabadwip reduced its expenditure by lighting its streets for only 15 instead of 20 days in each month. Darjeeling remodelled a portion of its electric plant at a cost of Rs. 80,690, and schemes for further improvement were in hand. The execution of the agreement in respect of the electrification scheme for Dinajpur was delayed by the Company concerned, and at Pabna no progress could be made owing to the licensee having absconded after becoming bankrupt. Work at Serajganj was hampered by friction between the Directors and the Managing Agents of the Company, which was placed in the hands of a Receiver pending liquidation. At Dacca expenditure on lighting increased by nearly Rs. 24,000 on account of additional lights and the payment of pending bills. Chittagong also increased its expenditure and raised the total number of its electric lights to 453, while Comilla completed the electrification of some of its roads.

12. **Public health.**—Municipal authorities generally showed energy in taking measures for the prevention and control of epidemic diseases. Inoculation against cholera and vaccination for smallpox were extensively resorted to, and anti-malarial measures were widely adopted in co-operation with *Pallimangal Samitis* and other local associations. A smallpox epidemic at Burdwan caused a considerable number of deaths, but the municipality took effective measures in conjunction with the district board, and by resorting to house-to-house vaccinations and chlorination of filtered water, brought the epidemic under control. Prompter action on the part of the municipality immediately after the outbreak of the epidemic might have prevented much loss of life. The Bogra Municipality experienced considerable difficulty in dealing with a smallpox epidemic which was said to have originated in

Calcutta and had to take substantial help from the district board. An anti-malarial scheme was started at Raniganj with the assistance of the Public health Department and with the help of a Government grant. The Narayanganj Municipality took effective steps to remove water-hyacinth from tanks and ditches, and by resorting to vaccination on a large scale, was able to reduce the number of deaths from smallpox during the year to 4 only. At Dacca there was a very satisfactory increase in the number of revaccinations from 7,719 to 21,620, while primary vaccinations rose from 4,905 to 6,305. Birnagar worked on scientific lines in fighting malaria, although progress was hampered by lack of funds. Berhampore opened one leprosy and two kala-azar centres, and treated a large number of patients free of charge. It also conducted health examination of the children in its free primary schools, and reported the results to parents and guardians with advice to seek medical help where necessary. Anti-kala-azar and Anti-malaria centres were opened at Chandrakona and anti-malaria societies were formed at Chandrakona and Khirpai. With a view to safeguarding the inhabitants of Chittagong against rabies, the municipality destroyed 353 suspected and ownerless dogs by the administration of poison.

As in the previous year most of the municipalities took steps to improve sanitation by filling up, clearing or disinfecting insanitary tanks, ditches and *dobas* and by removing under-growth and obnoxious vegetation. Seventeen municipalities in the Presidency Division utilised street refuse, road sweepings and rubbish, with very satisfactory results, in filling up ditches and other insanitary excavations, and notices were freely issued on owners to clear jungles and reclaim tanks. The Food Adulteration Act appears to have been very unevenly administered. In the Burdwan Division it is reported to have become more or less a dead letter in most municipalities. The Commissioner of the Presidency Division remarks that only 60 prosecutions had been reported, and that the laboratory at Khulna was not being made use of by the nieghbouring municipalities. In the Darjeeling district, in which 50 prosecutions took place during the year, the Act appears to have been vigorously administered, but the number of prosecutions in the remaining districts of the division was only 38, the number being nil in the municipalities of Jalpaiguri and English Bazar (Malda). In Dacca 86 persons were prosecuted and 297 maunds of adulterated foodstuffs were destroyed, while the Chittagong and the Faridpur Municipalities prosecuted 81 and 71 persons, respectively. On the other hand, Mymensingh prosecuted only 23 persons, and only 4 sellers of adulterated foodstuffs were prosecuted by the Barisal Municipality. Generally speaking, district boards displayed much more zeal than municipalities in this respect and several district boards complained of the failure of urban authorities to co-operate in the prevention of adulteration. In towns, where retail trade is more extensive, municipal executives are often reluctant to antagonise influential tradesmen by insisting on a high standard of purity in foodstuffs. It is to be hoped that all municipalities will, in future, in the interest of the health of the community, make adequate use of their powers of prosecution under the Food Adulteration Act.

13. **Public works.**—The total expenditure on public works during the year was Rs. 10·40 lakhs against Rs. 10·34 lakhs in the previous year. In the Burdwan Division there was a decrease of Rs. 40173, under this head due, mainly, to the restricted programmes of construction adopted by most of the large municipalities. In the Presidency Division there was an increase of Rs. 3,222 in expenditure and an increase of 45·1 in the mileage of municipal roads, of which 22 miles belonged to Baraset. The Krishnagar Municipality experienced difficulty in maintaining its 29½ miles of metalled roads and a reduction in their mileage was under consideration. An increase of Rs. 8,130 in expenditure in the Rajshahi Division was mainly due to a large outlay on buildings by the Darjeeling Municipality. The Dinajpur Municipality started the experiment of treating its roads with colfix, but the roads of the plains municipalities in this division were reported to be generally in a bad condition. In the Dacca Division an increase of Rs. 8,616 in expenditure was largely due to the fact that Narayanganj spent Rs. 6,745 more than in the previous year by repairing some roads and widening and painting with colfix and bitumuls the municipal portion of the Dacca-Narayanganj road. This road being the terminal of a provincial road, Government contributed Rs. 25,000 from the

Road Development Account towards its improvement. The Chittagong Division was responsible for an increase of Rs. 26,402 in expenditure on public works. This was largely due to the activities of the Chittagong Municipality, which throughly repaired 5 miles of road at a cost of Rs. 30,992. The condition of the roads at Comilla remained unsatisfactory despite expenditure of more than Rs. 10,000.

14. **Audit of accounts.**—The audit of accounts of all the municipalities except Gaibanda, Gouripur, Madaripur and Chandpur was effected during the year by the Examiner of Local Accounts and his staff. A serious case of embezzlement in which the sanitary inspector and the municipal accountant were believed to be implicated, was detected at Netrokona and was under investigation. Petty frauds of Rs. 47 and Rs. 330 were discovered at Dainhat and Hooghly-Chinsurah, respectively, but in both instances the money was repaid by the delinquents. No other important defalcations were brought to light, but on the other hand, many irregularities were detected, some of which were of a serious character. Most of these irregularities could have been avoided by methodical office procedure and by proper attention to the Municipal Account Rules. Unfortunately in the great majority of cases, municipalities have not shown readiness to follow audit instructions and their replies to audit notes have usually been very belated. When these replies are received, they were frequently found to be of an evasive character, with the result that the same errors are found to recur year after year. Generally speaking, there was laxity of supervision on the part of municipal executives, and an inclination to place too much reliance upon the office staff in respect of the keeping of accounts.

15. **General remarks.**—The general financial depression greatly affected municipal administration. Unfortunately, however, comparatively few bodies of municipal commissioners did adopt the necessary policy of drastic economy and strict insistence on the punctual collection of revenue, although in every division there were cases in which individual municipalities proved by practical example that with determination and proper control over the staff much could be done to alleviate the situation. The Darjeeling, Kurseong and some of the 24-Parganas Municipalities furnished the best record in this connection. While the number of municipalities reported to have been mismanaged owing to party faction or the personal incompetence of the chairmen was not large, the Minister regrets to note that instances in which collection were bad, remissions were indiscriminately given, arrears were allowed to accumulate and outstanding debts were left unsettled, were even more numerous in the year of report than in the previous year. This was no doubt due, in great part, to a reluctance to exercise pressure on ratepayers who were already suffering from the depression: but, curiously enough another potent cause of feeble administration was the reconstitution of municipalities during the year of report under the new Municipal Act. Owing to the very fact that this Act gave increased powers to municipal bodies, the decision to hold new elections under it, as far as possible, simultaneously, throughout the province appears to have had results prejudicial to the collection of municipal revenues during the year. The feeling that strong steps to enforce collection might lead to their being defeated at the polls deterred the sitting commissioners from adopting a policy of vigorous collection, while in towns where elections were postponed, or where owing to legal difficulties the constitution of a new body of commissioners was delayed, it was hardly to be expected that the commissioners, who were shortly to retire, should have exhibited any great enthusiasm or energy in the matter. As a result, the only sections of the new Act which were used to any great extent were those dealing with elections; and the value of the Act in general was not tested during the year under review. It had been anticipated, however, that there would be difficulties during the transition period and that the advantages of the new Act were not likely to be appreciated until it had been enforced for some time. The Minister appeals to all municipalities in the province to make full use of the greatly enhanced opportunities for civic development placed at their disposal by the new Municipal Act.

The Government of Bengal (Ministry of Local Self-Government) desire to express their appreciation of the public spirit shown by the following chairmen, vice-chairmen and municipal

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 6th December 1934.

### Third Forecast of the Cotton Crops of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

*Character of the season.*—Since the issue of the Second Forecast in October last, weather continued generally fair except in Tripura State where irregular and heavy showers have caused some damage to the early crop.

The prospects of the late variety are fair on the whole.

*Area sown.*—The total area sown with early cotton is returned at 72,903 acres and that with late at 1,032 acres as against 74,760 acres and the same estimate, respectively, in the corresponding forecast of last year.

*Outturn.*—The outturn of the early crop is estimated at 23,370 bales and the late crop at 291 bales as against 23,499 and 303 bales, respectively, in the corresponding forecast of last year.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 11th December 1934.

### Final Forecast of the Bhadoi Crops of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under autumn rice in Bengal has represented some 6·5 per cent. of the total area under rice in British India.)

*Character of the season.*—As indicated in the preliminary forecast, the crops were affected more or less by drought in some West and North Bengal districts and by flood in parts of East Bengal. Since then favourable weather conditions improved the prospects in some districts; but sudden flood in September was responsible for the low outturn in Rajshahi and in parts of West Bengal. On the whole, a fairly satisfactory crop was reaped for the province.

*Acreage.*—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,311,600 acres as against 6,520,600 acres last year. Of this, the area under autumn rice is estimated at 5,571,800 acres as against 5,775,300 acres last year.

*Outturn.*—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 73 per cent. of the normal this year as against 79 per cent. last year. The autumn rice is estimated to yield an outturn of 72 per cent. of the normal for the province this year as against 85 per cent. estimated by this department last year.

On the basis of a normal yield of 12½ maunds of clean grain per acre, the gross outturn of *bhadoi* paddy (autumn rice) for the province is estimated at 1,842,100 tons this year as against 2,254,100 tons last year.

K. McLean,

*Director of Agriculture, Bengal (offg.).*

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 13th December 1934.

**First Forecast of the Spring Oilseed Crops of Bengal, 1934-35.**

(*Note.*—On an average of the five years ending 1932-33, the area under linseed in Bengal has represented some 3·6 per cent. and that under rape and mustard 10·9 per cent. of the total area under these crops in British India.)

*Explanatory.*—Three forecasts are issued for the spring oilseed crops. The present one deals with the area sown and the conditions of the crops.

*Area sown.*—Oilseeds are principally grown in the Presidency, Rajshahi and Dacca Divisions. In the other two divisions, the area under cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 886,400 acres this year as against 867,500 and 860,800 acres, respectively, in the corresponding and final forecasts of last year.

*Character of the season.*—At the outset weather was wet for the preparatory tillage of the crops. From the middle of October dry weather prevailed facilitating field operations and helping germination generally. The present outlook is reported to be promising.

K. McLEAN,

*Director of Agriculture, Bengal (offg.).*

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 12th December 1934.**

**Summary.**—Excepting heavy showers in places the rainfall was generally light to moderate. Sowing of spring crops is nearly finished. Harvesting of winter paddy is proceeding but the operation has been somewhat affected by the recent rainfall. Prospects of standing crops are generally fair. Test relief works in Murshidabad have been temporarily closed; 558 persons received gratuitous relief in the distressed areas. In Birbhum, 1,516 men were employed on test relief works on Saturday, the 8th December 1934. The average price of common rice for the province has fallen by about 1·90 per cent as compared with that of the previous week.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th December 1934.

### Second Forecast of the Winter Rice Crop of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under winter rice in Bengal has represented some 17.9 per cent. of the total area under rice in British India.)

*Character of the season.*—As reported in the first forecast, the weather was not favourable both for transplantation and early period of growth owing to drought in parts of West and North Bengal and to sudden rise of rivers in some important districts of East Bengal. Subsequently sudden floods in September also affected the crops in places in Nadia, Murshidabad, Jessore and Rajshahi. Good rainfall in October materially helped the growth and final development of the transplanted winter paddy.

*Acreage.*—According to the figures returned by the District Officers the total area under winter rice is 14,759,600 acres as compared with 15,535,600 and 15,498,700 acres in the corresponding and final forecasts of last year. The increase in area as compared with that of the first forecast is due to further transplantation.

*Outturn.*—From the summary of the district returns appended, it will be seen that three districts report a normal crop, 16 districts a crop varying from 70 to 96 per cent. and the rest below 70 per cent. of the normal. According to the above estimates, the provincial outturn works out to 81 per cent. of the normal as against 86 and the same estimate in the corresponding and final forecasts of last year.

Accepting 81 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 13½ maunds of clean grain per acre, is estimated at 5,928,800 tons this year as against 6,625,800 and 6,225,700 tons, respectively, in the corresponding and final forecasts of last year.

ADDENDA AND CORRIGENDA.

No. 8271F.—19th December 1934.—The following corrections, which have been authorised, are published for general information:—

**Fundamental and Subsidiary Rules, 1st Edition (Reprint), 1929.**

*Pages 130-131—S. R. 247 (as amended by correction slip No. 176, dated the 22nd May 1931).—Insert* the following as a note below the second sub-paragraph of this rule:—

"*Note.*—The verification of service referred to above should be in respect of *all* service qualifying for pension whether permanent, provisional, temporary or officiating."

**Bengal Financial Rules, 1st Edition (Reprint), 1930.**

*Page 23—Rule 40A as inserted by correction slip No. 69, dated the 10th April 1930.—Substitute* the following for clause (*6*) and note 1 thereunder:—

(6) Whenever practicable and advantageous, contracts should be placed only after open tenders or quotations have been invited, and in cases where the lowest tender or quotation is not accepted reasons should be recorded.

*Note 1.*—Open tenders should invariably be invited for the supply of articles worth Rs. 2,500 or more in case of purchases covering a period of one year and Rs. 500 or more in any individual case. Administrative Departments may prescribe a lower limit than these where they consider this to be necessary.

Orders of smaller amounts than the limits prescribed should ordinarily be placed by calling for quotations from a number of known and reliable suppliers.

The limit prescribed applies to an article or a collection of articles more or less of one kind or obtained from one source. The use of intermediate general suppliers should be deprecated.

**THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.**

S. ABDULLAH, for *Director of Agriculture, Bengal.*

*Dacca, the 20th December 1934.*

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 18th December 1934.

### Forecast of the Winter Til (Sesamum) Crop of Bengal, 1934-35.

(*Note*.—On an average of the five years ending 1932-33, the area under til in Bengal has represented some 2·4 per cent. of the total area under til in British India.)

*Character of the season*.—At the beginning of the season the weather was not favourable for ploughing and sowing of the crop. From the middle of October dry weather facilitated further sowings and helped the growth generally. On the whole a satisfactory crop is expected.

*Acreage*.—The total area sown with the crop this year is estimated at 51,200 acres as against 50,600 acres last year.

*Outturn*.—According to District Officers' estimate, the outturn of the crop for the province, as a whole, works out at 87 per cent. of the normal as against 86 per cent. last year. Taking 7 2/5ths maunds as a normal rate of yield per acre the gross outturn for the province is estimated at 12,100 tons this year as against 11,800 tons last year.

K. McLEAN,

*Director of Agriculture, Bengal (offg.)*.
